

WASHINGTON ELECTRIC UTILITIES
Washington, North Carolina

Load Management Service
(Schedule LMS)

AVAILABILITY

This Rate is available with service that qualifies under Residential (RS1/RS3) or Small General Service (SG1/SG3) Schedules. Electric use under this Rate will be metered separately and interrupted during load management periods by the Utility. Load Management credits will not be received for service interrupted under this Service. Lighting facilities such as tennis courts and ball fields may qualify for this rate.

A service agreement will be required before service is provided. The agreement will provide that the customer assumes full responsibility and will hold the Utility and City harmless from any consequences of the interruption of service.

MONTHLY RATE

Basic Charge:	\$ 10.40 per month
Energy Charge:	\$ 0.06604 per kWh
Demand Charge:	
All over 30 kW	\$ 2.08 per kW

WHOLESALE POWER COST ADJUSTMENT

All kilowatt-hours billed under this Schedule will be subject to Wholesale Power Cost Adjustments, if any, to recover wholesale power costs fully.

SALES TAX

North Carolina State Sales Tax will be added to charges for service.

Effective: 1 April 2003
